PRACTICAL GUIDE

Complementary **Chemistry** for FIRST YEAR STUDENTS

As per MG University revised curriculum
1 & II SEMESTER

SALIENT FEATURES OF THIS TEXT BOOK

- I and II semester topics in a single book
- Free Practical guide included
- Simple, clear and systematic presentation of prescribed syllabus of M.G University
- Crisp treatment of topics
- Adequate use of diagrams, graphs and equations
- Chapter wise questions based on latest question paper pattern
- Value points of each topic to secure full mark
- Worked out problems in each chapter
- Model Question papers
- Prepared by competent faculty

Price Rs: 195.00

ENGINEERING CHEMISTRY

Theory & Practice

K.E.George, Rani Joseph, M.Ushamani
Tania Francis, Neena George, Ajalesh. B. Nair

"Engineering Chemistry: Theory and Practice" presents the subject with the aim of providing clear and sufficient understanding of chemistry to the students of engineering. This book is an enriched and updated third edition of our well-received and successful title, Engineering Chemistry. All the chapters in the book deal with the principles of engineering chemistry and its practical aspects, written in easy self-explanatory language and in depth at the same time. Clear diagrams and solved numerical problems included wherever required. Model questions provided at the end of each chapter. A 'Laboratory Manual', comprising 17 experiments is appended separately.

Key features of the book:

- The content compiled after thorough analysis of the first year Engineering Chemistry course syllabus of A. P. J Abdul Kalam Technological University (Kerala Technological University), Kerala.
- Chapter layout with clearly defined learning objectives, ample illustrations and solved examples.
- Model question for each chapter containing short answer questions, essays and numerical problems.

ENGINEERING CHEMISTRY Theory & Practice

ENGINEERING CHEMISTRY

Theory & Practice

K.E.George, Rani Joseph, M.Ushamani
Tania Francis, Neena George, Ajalesh. B. Nair

A textbook of
**Engineering
Chemistry** 2/e

Salient features

- Prepared as per **CUSAT** syllabus.
- Chapters presented in a structured manner with headings, sub-headings and points for easy understanding and reproduction.
- More than **130** worked out problems and worked out exercises.
- Simple presentation with self explanatory sketches.
