

About The Programme

Intellectual property is a general term for the set of intangible assets owned and legally protected by a company from outside use or implementation without consent. Intellectual property (IP) contributes enormously to our national and state economies. Dozens of industries across our economy rely on the adequate enforcement of their patents, trademarks, and copyrights, while consumers use IP to ensure they are purchasing safe & guaranteed products.

This National Seminar intends to broadly showcase the importance of these rights in FMCG's and how to tackle the problems faced through them. The seminar also offers an exemplar platform for students, researchers and academicians to interact with experts who are well-established in their respective fields.

Director: Rev. Dr. Sr. Vinitha CSST
Principal : Dr Sajimol Augustine M

Organizing committee

General Convenor

Er. Bhavya E P
Asst. Professor and Head

Co-Convenors

Dear Sir / Madam,

It gives us immense pleasure to cordially invite students, research scholars and faculty of your department to participate in the National Conference on “Intellectual Property Rights” scheduled to be conducted on 22nd February 2019 at St.Teresa’s College (Autonomous), Ernakulam.

St.Teresa’s College (Autonomous) Ernakulam

St. Teresa’s College , Ernakulam was established in the year 1925 by the Carmelite sisters of St. Teresa committed to women empowerment through the excellence in teaching, learning and research. The college has been re-accredited by NAAC with “A” grade (third cycle) and recognized by the UGC as the “College with potential for excellence”. The college has been upgraded as an Autonomous institution in the year 2014 by the UGC

B.Voc . Food Processing Technology

The department was established in 2015 at St. Teresa’s College under the Nodal Department of Home Science. The Bachelor of Vocation (B.Voc.) in Food Processing Technology is a programme formulated under the National Skill Qualification Framework (NSQF) notified by the UGC.

This programme aims to equip the graduates to make a meaningful participation in Food Industry and enable them to become active Entrepreneurs in the field of Food processing. This skill development based on higher education, leading to Bachelor of Vocation (B.Voc.) Degree has the unique opportunity with the multiple exit and entry points such as Certificate/ Diploma / Advanced Diploma under NSQF.
