ABOUT

Threads of Change

Threads of Change is a Public Relations campaign which envisions to promote sustainable fashion. It is an initiative jointly taken up by the Department of Communicative English, St. Teresa's College (Autonomous) and Haritha Keralam Mission, Government of Kerala.

The campaign aims to spread awareness about the rising need to adopt sustainable clothing amongst the masses during a time when textile waste and related environmental concerns are on the rise.

Changing The Face of Fashion: Road to Sustainability

The webinar "Changing The Face of Fashion" sheds light on Sustainable Fashion with the help of speakers such as **Mukul Bhatia**, who talks about sustainability in everyday life, intersectional enviromentalism in fashion and why India defines the future of global fashion in the field; **Jebin Johny**, who talks on sustainability in luxury clothing; and finally **Dilip Rathore**, who speaks on connecting to the source of sustainability.

This would indeed be a great opportunity for anyone who wishes to broaden their perspective about journalism and sustainability in fashion.

We are extremely pleased to invite you to our National Webinar on "Changing The Face of Fashion: Road to Sustainability", a Threads of Change initiative.
