<p>About the programme</p>  <p>Career refers to a series of jobs available in a particular field. Career prospects give an insight of job openings in your field or area of study. The better knowledge of one's own career helps to determine future needs, ease decision making and choose the plan for better living. A fascinating science, Botany imparts knowledge on the intriguing world of plants. While giving way to a myriad of courses that take the credit of being more specialized and sophisticated, Botany still is the base on which other biological sciences have grown. Graduates in this basic science fail in navigating to success because of being unaware of the avenues further on. In this context, the Botany fraternity of St. Teresa's College (Autonomous), Ernakulam and Newman College, Thodupuzha have jointly organized the</p>

Resource Person: Shri Ebin P J,
Assistant Professor,
Post Graduate and Research Department of Botany,
Sacred Heart College, Thevara.

- Beneficiaries- B.Sc. Botany students
- Number of beneficiaries- 125

The resource person detailed on the higher education programmes offered in Institutes of international and national repute and in various Universities across the country that the graduates in Botany can apply. The admission procedures and qualifying examinations for these were explained in good detail. He also touched on the competitive examinations and the job avenues the students can aspire to accomplish and also directed the students to make conscious career choices.
