### **ACTIVITIES**

The club widened the scope of its activities in the academic year 2019-20, by moulding the creativity of students participating in various literary events in the MG University Youth Festival.

The co-ordinators along with other faculty, helped students develop their creative and analytical skills, thus inculcating in them the right competitive spirit. Devi Ponguzhali of II DC History and Salma Saheer of II English Literature were trained individually to participate in English Essay writing and Recitation competitions respectively.

Salma Saheer won the second prize for the MG university English recitation competition. The club is looking forward to conduct various online activities for the students during this academic year.
