

ST. TERESA'S COLLEGE (AUTONOMOUS) ERNAKULAM

STEP

REPORT OF ACTIVITIES: 2019-20

Teacher In-charge

Dr Nirmala Padmanabhan

ACTIVITIES

This year Step activities was inaugurated by selecting Dr. Rashmi Poojara and Ms. Elizabeth Rini as the overall teacher in charge and by selecting Sheena Elizabeth Varghese and Devika Nair were appointed as Student leaders for the academic year 2019-20.

STEP Departments-

For the successful running of the STEP activities the students and teachers was divided into seven main departments so as to successfully look into the aspect of each area and to avoid a lot of errors.

The main departments are as follows:-

Quality Control- The students and teachers maintains and check the standards of our products to ensure there is no damage in the products created. It helps to maintain or improve our product quality. Our quality control team is led by Ms. Mary Sruthy Melbin as teacher leader and Students of II B.Com (Regular) .

Accounts- This department is led by Ms. Elizabeth Rini and her team to systematically record financial information occurring during the period so as to reveal the profit and loss situation. The students part of this team are

- 1) Hiba (Student leader) II B.Com(Regular)
- 2) Anjana M Francis (Student leader) II B.Com(Regular)

Web Page- This department helps to showcase our products virtually to the outside world and the general public gets an idea about our various brands and products we deal with. The team is led by Ms. Ottina Treasa Mendez and the students of B.Com (SF)

Marketing & Online Promotion- This team is responsible for spreading the message of our products to potential customers through social media, display advertising, emails, etc. This team is led by Ms. Megha Mary Michael & Ms. Geethu Krishna P.G. and the students of BMS

Inventory- This department is responsible for the stock of items on hand, either for sale, or raw materials to be converted into finished products. The department is lead by Ms. Anu Kuruvilla & Ms. Merin Elizaeth Harry.

Production- This department helps in transforming raw materials into finished products to satisfy the demand of green protocol maintained in the college. The team is led by Ms. Jennifer Sandy James and the students of French department

Reporting and Collection- This department is responsible to keep data of all the activities undertaken during the period. Collection team is responsible in collecting the textile waste required for stitching the pencil pouches and ball bags from the shops nearby. The students of French department are sent in batches to do the collection activities from nearby shops in Convent junction like- Paris, Goodwill, Casells etc. The team is lead by Ms. Amita Sarah Varghese and the students of French department.

OUR BRAND NAMES-

- *Chengathi Cheppu*
- *Prakrithi Bags*
- *Ball bags*
- *College bags*
- *Zipper Bags*
- *Strawberry Bags*
- *Baby Diapers and Sanitary Napkins*
- *Vegetable Bag*
- *Lunch Bag*

Our new addition

To fight the spreading pandemic STEP took the initiative to stitch Hygienic Mask by following the guidelines prescribed by IMA, our mask completed the purity test before being launched into the market.

SALES

There is nothing more important in sales than prospecting. Unless you can gain a meeting with your prospective client, there is little chance you create an opportunity. Without opportunities, you cannot succeed. Discovery is the most important part of selling well. Everyone knows that doing excellent discovery work is how you create a preference to work with you because you are giving your dream client the experience of what it is like to work with you. The sales team was involved in setting up stalls inside and outside the campus to promote and sell STEP products and to create general awareness in the benefits of using eco-friendly products. This year around 15 sales took year both inside and outside the college campus generating revenue.

Sales Organized outside campus

➤ ***Jalasarakshana Conclave, organised by the Government of Kerala at Thiruvananthapuram (29-31st May 2019)-***

It was organized by Suchitra Sangamam by Haritha Keralam Mission. Smt. T N Seema helped us to setup a Stall at this conclave where we could showcase our products, and Mr Thampi arranged accommodation for our students. Mili Mariam Mathew, Priya Vinod and Rosemary T J of II B.A French put up a stall and helped in promoting our products.

➤ ***Sale at Malappuram (Dec 3rd 2019)***

Adhithya Mohan, Greeta Mary and Anika Reddy of BMS was actively involved in the Malappuram Sale. It was an exhibition cum sale which helped to showcasing STEP products.

➤ ***Bolgatty Palace (16/12/19) – Makers Fest, kerala Invited to put a stall at bolgatty.***

Maker Fest is the Indian continuation of Maker Faire hosted across America, Europe, Africa and Japan. Maker Faire, which launched in California in 2006, now hosts hundreds of thousands attendees. It is the amalgamation of festivals celebrating the innovators and an art show with booths for inventors, demonstrations, and workshops for attendees. STEP Sales team put up a stall to highlight the usage of ecofriendly products and to make everyone conscious and to play a role for the environment by reducing plastic bags and encourage the use of cloth bags. The students who participated for the event are Adithya, Sona Sajan, Greeta and Anika of BMS.

➤ ***Stall at Newman College, Thodupuzha with support of Karshika Mela to promote Ecofriendly products.***

The Thodupuzha Farm Fest is organised by the Gandhi Study Centre, Thodupuzha is aimed at promoting agriculture and farmers. New varieties of crops are introduced. Farmers including awardwinning agriculturists display their crops. Apart from the agricultural expo, the following programs are also held-Seminars, Workshops, honouring farmers, Display and sale of agricultural equipment, Livestock Mela, Food festival, & Cultural events. STEP got an opportunity to setup a stall at the event and highlight our eco-friendly products that can be used for daily usage and convenience. Sales team put up a stall to highlight the usage of ecofriendly products and to make everyone conscious and to play a role for the environment by reducing plastic bags and encourage the use of cloth bags. The students who participated for the event are Adithya, Sona Sajan, Greeta and Anika of BMS.

➤ ***HarithaKeralam Exhibition (15- 22nd January 2020)***

Haritha keralam Mission organized at Kanagakunnu, Thiruvanthapuram, for Alternate Products Exhibition Cum Sale Mela. STEP was given an opportunity to setup a stall as part of No Plastic Campaign. This exhibition was organized to introduce and promote alternate products. . STEP Sales team put up a stall to highlight the usage of ecofriendly products and to make everyone conscious and to play a role for the environment by reducing plastic bags and encourage the use of cloth bags. The students who participated for the event are Olivia, Soorya, Riya, Aparna, Briget, Sandra Sara, Meena

➤ **Fort Kochi Sales** - Sale was organised at fort kochi during th echristmas carnival to reduce plastic usage and to encourage the usage of eco friendly bags. The sale was coordinated by students of BMS Greeta Mary, Aneena and Anjana

➤ **Rajagiri College sale**

A sale was setup at Rajagiri college to highlight the importance of environment friendly products. STEP got an opportunity to setup a stall to highlight our products. The students of BMS Anika Reddy and Greeta Mary took part in the sales.\

➤ **KSUM Sales**

The sale was coordinated by Greeta Mary and Anika Reddy the students of BMS at Kerala Start up Mission.

➤ **Sale at Shipyard , Kochi**

400 ball bags was delivered to Shipyard by Thasneem.

➤ **Taluk office staff with STEP bag.**

To promote the sales of our college bags , sales was undertaken at various individual outlets like Taluk office, High Court. Smt Lucy Smitha Sebastian , Senior clerk Taluk Office kochi.

SALES ORGANIZED WITHIN THE CAMPUS

ADMISSION SALES (June 6th,7th, & 10th)

To encourage the use of eco- friendly products and to practice green protocol policies within the campus a sale is organized at the beginning of every academic year to promote the purchase of ecofriendly bags by new students as well as existing students. The students involved in the sales where Anika Reddy, Ritika Ajit, Adhithya Mohan, Devanika Santhosh, Olivia Veliyath, Aparna J, Greeta Mary and Riya Mol M P of BMS Department.

Christmas Sales (03rd December)-

Every year the alumni of the college sets up stall in the campus for women by women to inculcate the spirit of love caring and sharing. STEP also sets a stall for the sale of eco-friendly products. The students of BMS Adhithya Mohan, Ritika Ajit, Devanika Santhosh, Aparna J, Olivia Veliyath, Riya Mol MP, Soorya Antony, Bridget Catherine, Malavika, Rachel, Neha Rajesh.

➤ Sale in college on the reunion of an old batch-

A sale was organized by STEP for the reunion of an old passed out batch in college. Anika Reddy and Adhithya Mohan of BMS department coordinated the sales.

➤ College Sale (physics Exhibition)

Sale was organized for physics department as part of their exhibition to promote ecofriendly products usage. Rachel, Neha Rajesh and Gowri of BMS department coordinated the sales.

CHENGATHICHEPPU

‘Chengathi Cheppu’ is the by-product of the joint integration between Haritha Keralam Mission and St.Teresa’s College. The product came into existence after a joint discussion between duo regarding generating alternatives for protecting the environment through upcycling of waste materials. During the discussion it was Mrs. Nirmala Padmanabhan, Assistant Professor of St Teresa’s College, who came up with the idea of producing cloth pencil pouches made from up-cycled textile waste.

The initial step was done by students who were encouraged to visit nearby tailoring units to gather textile waste on their own, making it a learning experience for them. The stitching units were provided with good quality zippers, runners and paper stiffs to make it economically viable and more price oriented consumer-friendly.

The stitching unit consisted of 10 students and to a total of 3000 eco-friendly pencil pouches were manufactured within a production period of 2-3 months. We also inculcated Kudumbasree chechi’s who stitiched. They were headed by Mrs Thasneem, who provided necessary training whenever needed. To promote Chengathi Cheppu various promotional trolls were released through social media

TRAININGS AT STEP ROOM

INNOVATION AND ENTREPRENEURSHIP DEVELOPMENT CELL (IEDC) (14th & 15th Oct)

As part of the National Innovation day celebrations, STEP helped IEDC of St. Teresa’s College in organizing a Hands on Training for school students on the making of Eco friendly Cloth Bags and pencil pouches. 15 students from St. Teresa’s Higher Secondary School, Ernakulam participated in the training. The students were given training by Ms. Sivaprabha G Kammath, Final Year Post graduate student of MSc. Resource Management and Interior Designing. She trained the students to make cloth bags and pencil pouches using waste cloths. The students enthusiastically participated in the training and requested more sessions of the same.

STEP TRAINING CENTRE

STEP has a training Centre in college with 20 sewing machines which is probably the first unit in Kerala to handhold Kudumbashree units in up cycling textile waste, manufacturing eco-friendly textile products and promoting local markets for them.

STEP room was utilized by TIBIC for training

TIBIC provided a quality management session to the participants of a workshop conducted by STEP for the Kudumbashree women hailing from 5 diff panchayats. The session was conducted by 5 of student members of TIBIC. The workshop was centered on imparting skills in stitching cloth bags and pencil pouches. The quality management session was in the form of a game that required the participants to produce certain number of products within a given time frame without compromising on its quality. The motive of the game was to make them understand the seriousness of maintaining the quality of the product in their race against time.

➤ July (1-3)2019 , PTA mebers of Chavara Darshan CMI Public School and students of St.Teresa’s College

5 participants of Fatima GHS Fort Kochi was involved in a training program from 19-21 August, 2019

On 19/09/2019, 8 members of Kudumbasree, Njarakkal Panchayath

15 NSS volunteers of Nirmala College , Muvattupuzha was involved in a training program from 4-6th Dec, 2019

STEP PROMOTIONAL ACTIVITIES

Promotion campaign for Christmas sales

RECOGNITIONS

➤ *Mail was received from Beyond Profits 2020, stating that we have been shortlisted for further rounds.*

Beyond Profits is the Annual Social Business Plan Competition held during launchpad at BITS Pilani, Hyderabad campus. It intends to give back society through entrepreneurs who are making lives better by pitching their social ventures. This event aims to inculcate the roots of social entrepreneurship among students to string innovative ideas to bring social change.

The book published by Haritha keralam Mission

The efforts of the BMC of St. Teresa's College in initiating and popularising the Chengathi Chepp project was appreciated and included in the publication of the Haritha Keralam Mission magazine titled 'Pradeshika Suchitwa Mathrikakal'

Social media campaigns

Social media campaign is a coordinated **marketing** effort to reinforce or assist with a business goal using one or more **social media** platforms. **Campaigns** differ from everyday **social media** efforts because of their increased focus, targeting and measurability.

➤ (Save our Future) was conducted and students are encouraged to create innovative design for the same to pass the message of environment friendly approach and how important it is to be a moral man with values and ethics.

➤ Kerala Film Development Corporation Team came on 27th January 2020 to Film BMC and STEP activities, Training was conducted by Kudambasree for the students on 27th Jan 2020. The efforts of St. Teresa's college was to stand united with the public to face the biological pandemic co-vid 19. The rising health crisis associated with the corona virus led to a shortage of masks available in the market. Various clubs, cells and Departments of St. Teresa's College converged their efforts and worked jointly to mitigate this deficit. The BhoomithraSena Club, STEP (Society of Teresians for Environment Protection), Unnath Bharath Abhiyan team and NSS of St. Teresa's College took up the initiative to manufacture cloth masks, which are both eco-friendly and sterilisable. Their efforts in this regard included the following

- Design of reusable eco-friendly masks- under the leadership of Asst. Professor Smt. Lekha Srinivasan of women's studies centre, Smt. Thasneem Azad- technical trainer of STEP and Dr Nirmala Padmanabhan, Faculty overall co-ordinator of Extension activities in the college.
- Preparation of video tutorial on manufacture of mask- a tutorial was also prepared to give an insight to the public about the stitching and proper usage of masks.
- Production and distribution of masks to Govt Bodies- around 2500 masks were manufactured and shared with various govt department including police, CNI, Ernakulam district authorities and nearby Panchayaths, Municipalities
- Preparation of user guides on proper use of masks- was prepared in three different languages in collaboration with HarithaKeralam Mission, Suchitwa mission Ernakulam district and under the guidance of Ernakulam District medical office team.
- Uploading of tutorial and userguides on Govt webpages and sharing with public-The tutorials and user guides were uploaded on the official website of Haritha Keralam Mission and Suchitwa Mission, Govt of Kerala, The official webpage of District Collector Ernakulam and youtube page of the college to encourage public access. They were also circulated at the local, state and national level through social media.
- Social media campaign by students to unite against co-vid 19 including promotion of safe use of masks- promotional videos, posters and trolls were designed by students and circulated
- Handholding to other institutions taking up similar initiatives.

DESIGN OF ECOFRIENDLY – REUSABLE MASKS

Eco-friendly re-usable cloth masks were designed in the wake of shortage of masks faced through the state as well as the issue of disposal of non biodegradable masks which were being disposed off in public spaces leading to potential contamination as well as issues of solid waste. These nonbiodegradable masks available in the market were also observed to be handled openly by multiple persons before reaching the final consumer raising doubts about potential contamination. Hence need for an eco friendly alternative which could be sterilised easily was felt which led to design of the same under the leadership of Asst. Professor Smt. Lekha Srinivasan of women's studies centre, Smt Thasneem Azad- technical trainer of STEP and Dr Nirmala Padmanabhan, Faculty overall coordinator of nature club and extension activities in St. Teresa's College. The design and material quality was shared with ernakulam District Medical office for their approval.

PREPARATION OF VIDEO TUTORIALS ON STITCHING- SOLUTION TO OVERCOME CONSTRAINTS IMPOSED BY SOCIAL DISTANCING

Once design was approved, the next challenge to start production was identification of volunteers for stitching and imparting training to them. Since students all had end semester exams, the solution came in the form of college Alumni who volunteered to stitch from their respective homes. Then came the hurdle of imparting training to them without violating the social distancing which is crucial for combating co-vid 19. Solution strategy was preparation of video tutorials on stitching which could be shared with them through social media. Thus tutorial was prepared by the design team along with technical support from college's media lab team Shri Libin and shared with volunteering alumni through whatsapp.

PRODUCTION AND DISTRIBUTION OF MASKS

Around 2500 masks were stitched by the Alumni of the College which include Smt. Grace Mathew, Smt. Asha Grace, Smt. Lucy Christopher, etc to name a few. The manufactured masks were handed over to the police department of Ernakulam on 17 March 2020, to CBI office Ernakulam, to other govt agencies such as Suchitwa mission, Ernakulam District Panchayath, Ernakulam, Road transport Office, Ernakulam, Govt Treasury Ernakulam, District Medical Office as well as the Unnat Bharat Abhiyan Panchayaths of the college - Chernelloore,

Kuzhupilly, Njarackal, Kunnukara and Mulavucadu panchayats. Parur municipality is another local body which requested and benefitted from this supply.

Distribution of Cloth Masks among Govt Departments and Panchayats, Municipalities

1. CHERANELLOORP PANCHAYATH 120
2. KUNNUKARA PANCHAYATH 230
3. MULAVUCADU PANCHAYATH 130
4. KUZHUPILLY PANCHAYATH 100
5. NJARACKAL PANCHAYATH 150
6. POLICE DEPARTMENT, KOCHI CENTRAL 970
7. PARAVUR MUNICIPALITY 100
8. GOVT TREASURY, ERNAKULAM 100
9. SUCHITWA MISSION ERNAKULAM 100
10. ERNAKULAM DISTRICT MEDICAL OFFICE 100
11. ERNAKULAM ROAD TRANSPORT OFFICE 100
12. ERNAKULAM DISTRICT PANCHAYATH 118
13. CBI, ERNAKULAM 25

Guidelines on the use of masks in three different languages

SOCIAL MEDIA CAMPAIGN TO COMBAT COVID 19 INCLUDING PROMOTING SOCIAL DISTANCING, SAFE USE OF MASKS

After exams, student teams also joined in. They spent their lockdown period productively and do their bit for combating covid 19 through designing and popularising videos, posters and trolls related to social distancing, safe use of masks etc.

Awareness videos made by students using kids in their family

Awareness posters made by our students

Trolls made by students to promote sustainable use of masks

Video tutorial on making of masks uploaded in Government Websites for public access

The tutorial on making of masks was uploaded twice in State Haritha Keralam mission webpage and also uploaded on Ernakulam District Collector’s official webpage. The first upload on Harithakeralam mission site done on March 24 2020 had 7.6 K views by April 3, 2020 and second upload on march 25 had around 1.1K view by same date totalling nearly 9000 views within 10 days.

VIDEO TUTORIAL ON MANUFACTURE OF MASKS UPLOADED ON ST. TERESA’S COLLEGE YOU TUBE PAGE

The video tutorial was also uploaded on St. Teresa’s college you tube on March 20 which had a total of 192 views and 24 likes by April 4 2020

GUIDELINES ON SAFE USE OF MASKS UPLOADED ON GOVT WEBPAGE

The guidelines on safe use of masks were circulated to various local Governments and also uploaded on various webpages including Harithakeralam mission webpage and Ernakulam district collector’s official webpage

Student pouches to go green

SHRINA KUMAR KE
KOCHEENI
How about school students using eco-friendly cloth pouches instead of plastic ones this academic year?
The Ernakulam St. Teresa's College is in a tie up with the Kerala Kshatras Mission has initiated the campaign for collecting reusable waste and making pouches out of them for school students.
Students, volunteers will collect waste from tailoring shops, from school canteen, while recycling from Subramaniam Mahan and students from your families would make the cloth pouches.

will include more in the coming days," said Dr. Srinivas. Pudukottai, association professor, department of economics.
The college has set up dedicated manufacturing units in Taramkollam of Madhavakutty postulate, Madhavakutty, Puzhathur and Tripunithura postulates.
The Chennai Carpet pouches will be sold at 25 per piece and will be made available in markets by the weekend. The college students too will play their role in marketing the pouches by promoting them in social media to make the younger generation aware of the need to do away with non biodegradable materials.
