

# St. Teresa's College (Autonomous), Ernakulam.

## Department of Mathematics and Statistics.

I studied in St. Teresa's College for B.Sc (Mathematics Main) course from 1974 to 1977. The guidance, support and personal care I got in St. Teresa's, especially from the Faculty of the Department of Mathematics, helped me to secure the First Rank in Kerala University to which this college was affiliated then. I also got opportunities to represent the college in various speech and debate competitions. The teachers of the language departments coached us and trained us for this. This training has helped us throughout our lives whenever we had to face an audience. This college also provided us many facilities to take part in different games. My heart is full of gratitude to this Institution and to the dedicated staff in it.

Prof. Susan John  
Former Head of the Department of  
Mathematics, Maharaja's College, Ernakulam
